

# SWINE FLO™

Whole Egg Specialized Proteins For Water Delivery Systems

---

## What?

**Swine Flo™** is a proprietary blend of whole egg specialized proteins designed to be administered through a metered water delivery system.

## When?

**Swine Flo™** is intended to be used before, during and after transition periods and times of environmental stress or pathogenic challenge<sup>1</sup>.

## Why?

**Swine Flo™** is specifically formulated to introduce whole egg specialized proteins to pigs. The “Porcine-Specific” whole egg proteins used have been researched and selected to ensure maximum usability and benefits for stressed pigs<sup>1</sup>.

## Recommended Use<sup>1</sup>

Administer through a clean\*, metered water delivery system. Use for a minimum of 3 days consecutively to help ensure even consumption throughout the group.

*\*Flush water lines before first use and every 3 days during consecutive use.*

**LOW STRESS:** 3 ml per head, per day for 3 - 7 days.

**HIGH STRESS:** 5 ml per head, per day for 3 - 7 days.

<sup>1</sup>*Not intended to diagnose, treat, cure or prevent any disease.*

## Packaging

1 gallon bottle or 5 gallon pail

## Storage/Shelf Life

Keep closed in original packaging and refrigerate 38F - 48F.

**DO NOT FREEZE.** Expires 90 days from date of manufacture.

## Guaranteed Analysis

|                           |    |
