What?

Swine Flo™ is a proprietary blend of Pasteurized Liquid Whole Egg proteins designed to be administered through a metered water delivery system.

When?

Swine Flo™ is intended to be administered through the water delivery system in the grow/finish stages for 4-10 days.

Why?

Swine Flo™ is formulated to introduce Liquid Whole Egg Proteins to pigs. The Pasteurized Liquid Whole Egg Proteins help support the pig's immune system.

Storage /Shelf Life

Keep closed in original packaging and refrigerate at 38° – 48°F. DO NOT FREEZE. Expires 180 days from date of manufacture.

Packaging: 1 gallon jug (minimum order of 6 jugs) or 5 gallon pail
